General Shoe Information:

Fit is very important, growing room is ok, but shoes must fit and feel comfortable. Expected life span of a dance shoe for a growing child is one season (from September to June). Shoes should fit perfectly at festival and they will be getting snug by recital. This is a general rule and will vary depending on style of shoe Tap, Ballet, Jazz and personal growth rate of the feet of the young person in question.

Adult shoes should last for years, and the shoes will stretch some over time. If unsure of fit needed go to a knowledgeable dance wear supplier and if in doubt let your instructor check them before wearing. Shoes with laces should be worn double knotted for the younger students **elastics on Patten leather tap shoes and ballet shoes** is a must.
